DRAFT MINUTES

Minutes of Warleggan Parish Meeting of Thursday 24 September 2015
at the Jubilee Hall, Mount

Important note: the following is a transcription of the draft minutes for the above meeting, and may contain errors or omissions. The surnames of the people mentioned in the minutes are not given in this transcript (check Parish Clerk's copy for full details). If you wish to advise of any such errors or omissions, make your observations at the next parish meeting, when the minutes will be read out.

Present / Apologies - *see Parish Clerk's copy of the minutes for list of those (14 people) recorded as attending, and of the (4) apologies received.*

At the commencement of the meeting, Mrs P (chairman) paid tribute to Mr T Webster and his sister Mrs B Keast who had passed away since the last meeting. Both were born in the parish and Mrs P spoke on behalf of us all in expressing our sympathy to the family and to pay tribute to their contribution to the parish; they will both be missed.

The minutes of the Parish Meeting of 2 July 2015 were read and agreed as a true record.

Matters Arising

1. BT phone boxes: Mr John S has finished repairing and painting the phone box outside the hall and Mr Zac H with others has been working on the Warleggan phone box. These had been repaired to a pleasingly high standard and we wished our thanks to be passed on to all who had helped. We have received a cheque for £160 as a donation from the Camel Valley and Bodmin Moor Protection Society as a contribution towards the cost of materials for restoring the two kiosks. Mr John K and Mrs Pat P were thanked for their letters of thanks sent in reply to this society.
2. Lantewey Bridge – work was now complete on the restoration of this bridge and we understand it looks smart now completed.

Any Other Business

1. Planning application PA15/07524* for extension and alterations to dwelling at Swallow Barn, Mount. Mr Geoff S declared an interest and did not vote; Mr John J and Mr Andrew L had indicated their support prior to the meeting, and the three remaining members of the planning sub-committee unanimously supported this.

   Mrs Derris W later explained that extensions are now dealt with exclusively by planning officers, and as county councillors they have no powers in calling these in, so concern was expressed as to whether our review of extensions was a 'cosmetic exercise'.
2. Presentation by Mr Norman T, a paramedic with the SW Ambulance Service and Fleet coordinator for defibrillators, where he explained that cheaper defibrillators are available but theirs are remotely checked and controlled via SW Ambulance service who coordinate responders, maintain them and this model is seen as very simple to use with clear instructions for use which are explained step by step in verbal

instructions to the user. SW Ambulance Service would send texts to up to ten responders. It was explained that if the person is shocked within three minutes there is a 70% chance of survival but this drops by 10% with every minute that goes by. The defibrillator box must have an electrical supply to ensure that it is kept above 4^0c at all times. The system also needs either an internet or a phone connection. The box will last ten years, the defibrillator eight years and batteries five years. The cost of the unit box and defibrillator is £3,000 (via Fleet) plus yearly maintenance of £295 + VAT. Mrs Mary P explained that the Warleggan Young Farmers were considering raising money for one, and Mr Norman T (of Fleet) spoke of fund-raisinbg for up to two using runners in the London Marathon. By the end of the meeting, we were looking at have one in Mount and Warleggan; however, a lot more discussion and clarification need to be made prior to full commitment. Mrs Pat P suggested that it should be discussed at a further meeting.
